Resume objective

I am a hardworking software development student looking for an opportunity to use my programming skills and knowledge in a work-integrated program. I want to learn more, gain experience, and help the company with its projects while improving my skills. I am eager to contribute to solving real-world problems and work as part of a team to deliver innovative solutions.

Education and Qualifications

2022 Matric

Emshukantambo Secondary School, Soweto

Dip: ICT In Application Development

2023 - 2025

Cape Peninsula University of Technology, Cape Town

Diploma in Application Development (Major: Application Development)

This program focuses on building strong foundations in programming, software design, and application development. It equips students with skills in coding, debugging, and testing applications, along with knowledge of databases, web development, and mobile technologies. The curriculum emphasizes practical experience through projects and prepares students to develop innovative, user-friendly software solutions for real-world challenges.
